Pro-Pest Professional Rodent Lure is a highly effective attractant used in conjunction with glue boards, live animal traps, snap traps, multi-catch units and tin cats. With Pro-Pest Professional Rodent

Lure, solving your customers rodent problems quickly & efficiently has never been easier.

Pro-Pest Professional Rodent Lure is effective year round. The scent of essential nuts, nut oils, seeds and other attractive ingredients is long lasting and deliciously aromatic. Pro-Pest lures do not contain peanuts therefore avoiding potential allergic reactions from non-target humans! The mixture stays attractive for a long period of time. Available in a 15cc & 32cc syringes, 1, 2 & 4 oz jar or syringe. [Click here for details.](#)

Private labeling is also available.

For use with glue boards, live animal traps, multi-catch, tin cats, & snap traps.
